

## Driving to the Grey Mare's Tail waterfall

1. Turn left out of our driveway and follow the B5106 towards Llanrwst and Betws-y-Coed
2. After approx 1.5 miles, as the road bends round left towards Llanrwst turn right instead at the sign for Betws-y-Coed, staying on the B5106

3. Take the immediate right after turning, at the sign-post for "Gwydir Forest Park" and "Snowdonia National Park"

4. Continue on this road going uphill for approx 0.3 miles until you see another sign on the left for "Sawbench" car park - park here, then retrace your steps back towards the sign

5. Cross the road and continue down the narrow road signposted "Llanrhycwynn", towards a low bridge over the stream (a cute cottage is on the right hand side!)

6. Continue across the bridge and follow the road round...

7. ... until you see a gate on the right-hand side of the road. You should hear the falls at this stage, but continue through the gate and down the steep path to reach them

8. Enjoy! Then retrace your steps to go back to Sawbench car park!
